

A TWO-MINUTE DIRECTOR'S CHECK

**7 signs your business is
under more strain than
the numbers show.**

SIGN 1 OF 7

1

**Money out has beaten money in
for months, not weeks.**

SIGN 2 OF 7

2

You have started dipping into the VAT or PAYE money to get through the month.

SIGN 3 OF 7

3

**Creditor letters stop saying
reminder and start setting
deadlines.**

SIGN 4 OF 7

4

The management accounts arrive late, because you would rather not look.

SIGN 5 OF 7

5

Your invoice finance advance is quietly cut. A supplier moves you to pro-forma.

SIGN 6 OF 7

6

**A CCJ lands, and it is on the
public record within days.**

SIGN 7 OF 7

7

Past a certain point, the law expects you to put creditors first.

**One of these is a wobble.
Three is a pattern.
The pattern is easier
to fix early.**

**A two-minute check. No
accounts needed. See where
you stand.**
